ur organization has invested much work in collecting first-hand oral testimonies about Jewish life alicia and Bukovina. These interviews were conducted as part of our annual expeditions to Galic ost of the interviews are in Russian or Ukrainian, with some offering an English translation. The terviews give firsthand description of various aspects of Jewish life before the Holocaust. It goes thout saying that the generation capable of telling the story of Galicia and Bukovinian Jewry is owly disappearing, and we therefore see this project as a last opportunity to obtain first-hand formation from these living testimonials to Jewish life in these regions. The invite all descendants of Galicia and Bukovina who are interested in contributing to this apportant cause to contact us. Please click here **Repercoording** **Repe
