To the Starosty

in Bohorodczany

income I add that I have asked the Starosty several times to allow us to use 8 October of this year (L: 14159/2) to submit budgets for the current year, I inform that the Community Board signed below has neither income nor expenses; nor does it have any wealth that would bring income, nor functionaries. As such, it cannot submit any budget. Regarding the order of the Starosty dated from slaughtered animals but I have not yet received any answer.
